NOTIFICATION

Platform for Investor Education (PIE) by IIM Bangalore and National Stock Exchange

Financial education encompasses understanding financial concepts, possessing the ability and confidence to manage personal finance by taking short-term decisions and long-term planning, considering individual life cycle events as well as changes in economic environment.

In this regard, a new learning platform, Platform for Investor Education (PIE) has been created by Indian Institute of Management Bangalore (IIMB) in collaboration with the National Stock Exchange of India Ltd. (NSE).

This platform is easy to understand and simple to use. Content is available on demand allowing the users to access at their convenience. There are four learning modules, each comprising videos, audios (in multiple languages), podcasts, deep (and shallow) dives and blog posts with a separate section for discussion. Animation and data visualization technology is used to actively engage different cohorts of potential investors.

CBSE has Financial Education, which is offered in association with NSE, in the curriculum to ensure that the students are well-equipped to handle their finances judiciously. In this new platform PIE, several financial educational resources have been offered that can complement CBSE curriculum. The platform includes basics of Investments, Savings and Risk Management. This content is developed by IIMB faculty and other professionals from the industry. Furthermore, all the resources on PIE platform is completely free of cost, product-neutral and intended only to educate the public and students.

All the Principals and teachers of the schools affiliated to CBSE must visit and review the educational resources available on the PIE (<https://pie.ccmrm.org/#/>) and also encourage their students to take benefit out of this platform.
