CBSE/Training Unit/2021

Dated: 12.10.2021

Circular No.Acad-97/2021

To,  
All Heads of Schools affiliated to CBSE

**Subject: Free online training programme for teachers on 'Holistic Assessment' in collaboration with Google.**

Assessment is a continuous process of understanding every student's growth, development and progress with respect to their individualized learning goals; to assess the individual strengths and challenges; to analyze and evaluate the effectiveness of learning methods and learning environment. It should always be viewed as an integral part of the learning process and should involve both the facilitator and the learners. Opportunities should be provided to learners to reflect on their learning and also provide constructive feedback to peers.

Keeping in mind, the objectives mentioned above, a series of webinars is being organized by CBSE. The theme of these sessions would be defining assessment by elaborating on the topics of learning goals and learning objectives and distinction between them. This will be followed by discussion on strategies for involvement of students in defining learning objectives. Guidelines for creating rubrics to achieve the target of authentic assessment and strategies for self and peer assessment for constructive feedback shall also be discussed in detail. The roadmap for using reflection as an assessment tool will also be explored.

This programme consists of four webinars of two hours' duration each, followed by MCQ Quiz. Webinars are scheduled as per details given below:
